AMENDMENT UNDER 37 CFR § 1.116

Box AF
Commissioner of
Patents and Trademarks
Washington, D.C. 20231

Sir:

In response to the Office Action mailed September 14, 1998 in the above captioned matter, please enter the following amendment:

In the Claims

Please cancel claims 14 and 22, and amend claim 27 as follows:

1 ~~27~~. [New] (Amended) Call routing equipment for use in a communication system including a base station having an assigned landline telephone number and a base identification number (BID), communicatively coupled with the call routing equipment via a public switched telephone network (TELCO), and capable of sending the assigned landline telephone number and BID to the call routing equipment, the call routing equipment capable of storing landline telephone numbers and BIDs in the call routing equipment, the call routing equipment comprising:

means for receiving the assigned landline telephone number and the BID from the base station via the TELCO providing caller identification;

means for finding a stored landline telephone number for the base station according to the received BID;
